NASHID K

Full Stack Developer — MERN & TypeScript | Frontend-Focused | AI Integrations
nashidk1999@gmail.com | +91-9061142958 | LinkedIn | GitHub | Portfolio | Kerala, India

PROFESSIONAL SUMMARY

Frontend-leaning Full Stack Developer skilled in building modern, responsive, and scalable applications using the MERN stack and TypeScript. Experienced in designing interactive dashboards, integrating secure APIs, and deploying real-world products with AWS and Vercel. Adept at turning complex business logic into intuitive UI/UX and collaborating in agile product teams to deliver production-ready features.

TECHNICAL SKILLS

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), Redux Toolkit, Tailwind CSS, Bootstrap
Backend: Node.js, Express.js, REST APIs, JWT, OAuth 2.0, GraphQL Basics
Database: MongoDB, PostgreSQL, Firebase, Aggregation Pipelines
Cloud/DevOps: AWS (EC2, S3), Vercel, Render, Git, Linux, CI/CD
AI/Integrations: OpenAI API, Hugging Face, LangChain, Chatbots
Payments/Security: Razorpay, Stripe, RBAC, Secure Transactions

PROFESSIONAL EXPERIENCE

Full Stack Developer

Packapeer Technologies (Brototype)   *Kerala, India*

- Built and deployed production-grade full-stack products from scratch using React, TypeScript, and Node.js.
- Developed **CareerPulse AI**, an AI-powered resume & cover letter generator integrating OpenAI API, Firebase, and AWS.
- Implemented secure authentication (JWT, Google OAuth), payments (Razorpay & Stripe), and scalable API architecture.
- Delivered pixel-perfect responsive UIs with Tailwind CSS and reusable React component patterns.
- Collaborated using Git-based workflows and Agile sprints, maintaining 95% sprint completion efficiency.

Software & Systems Specialist (Automation & Infrastructure)

Hajee A. P. Bava & Company   *Jharkhand, India*

- Automated operational workflows and reporting pipelines improving efficiency by 25%.
- Maintained and deployed secure IT systems across 10+ industrial sites with zero downtime.

KEY PROJECTS

CareerPulse AI — AI Resume & Cover Letter Generator

- Developed an AI-driven SaaS using **OpenAI + Hugging Face** for content generation and Firebase for user management.
- Implemented real-time PDF/DOCX parsing, secure file handling, and feedback generation workflows.

StyleBazaar Commerce — MERN E-Commerce Platform

- Created an end-to-end e-commerce app with admin dashboard, analytics, and secure multi-payment integration.
- Integrated **Razorpay & Stripe APIs** with webhook validation and fraud detection logic.
- Optimized frontend performance using lazy loading, caching, and memoization.

WriteFlow — RBAC Blogging Platform

- Built a multi-role blog system (Admin, Author, Reader) using JWT-based access control and MongoDB change streams.
- Implemented collaborative editing and autosave features with React Context API.

PROFESSIONAL TRAINING

Advanced Full Stack Development Program — Brototype

- Hands-on training in MERN stack, TypeScript, authentication systems, REST API architecture, and AWS deployment.
- Developed multiple production-level projects with focus on clean architecture and reusability.

CERTIFICATIONS

Technical Certifications

- JavaScript (Basic) Certificate — HackerRank.
- Completed advanced learning in React patterns, Node.js architecture, and cloud fundamentals.
- Solved 100+ LeetCode problems covering algorithms and data structures.

PROFILE HIGHLIGHTS

Strong MERN + TypeScript expertise with hands-on SaaS and e-commerce deployments.
10+ web applications built with focus on scalability, performance, and UX.
Proficient in Git, REST API design, and Agile collaboration workflows.
